

Year 2 home learning 5.1.18

Literacy

We are going to start looking at instructions next week. In preparation for this, please write your own set of instructions on any topic you like.

Here are some examples if you get stuck:

- How to make a cup of tea
- How to brush your teeth
- How to make your bed
- How to get changed for a swimming lesson

Words you might use – firstly, then, next, afterwards.

Maths

Practise your 5 times table at home and record it in your home learning book.

Complete the following calculations:

1.) $45 + 8 =$

2.) $32 + 9 =$

3.) $78 + 6 =$

4.) $94 + 7 =$

Challenge – Tom has 45 toys and 25 toys. How many toys do they have altogether? What knowledge could help you solve this quickly?

Reading

Remember to read at least 4 times a week and get an adult to sign your reading record at home.
